How do I get keycards to spawn on my map. Your talking to a total mapping n00b so if you could try to explain in thouroughly it would be greatly appreciated.

Thanks in advanced,

Alright, I'm guessing you'll want them to keep respawning:

Then you'd go ahead and double clicki on the one you want, click OK, then Make to put them in there. They are in order of access: green, yellow, red.
