Whoever is "lock happy" needs to pull their heads out of their ass.

Just because you don't like my freedom of speech ... or the fact that I am confronting you ... doesn't give you the right to lock the thread and call it a day.

You're only making yourselves look bad.

Let me ask you this:

(1) Are you working for the community, on behalf of the community?

(2) Are you working against the community, and for your own selfish desires?

Answer that question.

(then lock the thread as I assume you will) lol

LOL... you made yourself look bad a long time ago.

Who says that you have freedom of speech on a forum? If they so chose, they could disallow anything that they wanted. Remeber what I've been saying in other threads. There is absolutly NOTHING you can do to get the team to give into your demands. If you don't like it, leave. No one will really care.

Even though it says "Renegade Public Forums", it's still their forums and they have the right to do anything they want in their forums. I'm not sure what you hope to gain with this method of questioning, I have to tell you, it doesn't appear to be helping your case or your image. Time and patience will unveil all.

You don't have freedom of speech here. Technically these forums are my private property.

Quote:or the fact that I am confronting you

Because no one wants to hear your unintelligent mindless drivel. Get the hint.

Quote: ... doesn't give you the right to lock the thread and call it a day.

Wrong. I have every right to lock any thread. See referenced above the agreement that you agreed to.

You're making yourself look like an ass.

Quote:Let me ask you this:

Always have been, always will be. Our past record proves that.

Quote:(2) Are you working against the community, and for your own selfish desires?

NOW who has their head up their ass? Yes, we have the selfish desire of stopping cheats in a game we love, and we're doing it for free. HOW FUCKING SELFISH WE ARE! My god, my breakfast cereal has more brains than you.

Quote:Answer that question.

(then lock the thread as I assume you will) lol

Done. And done.
