They are prity much the same, its all a matter of preffrence, for a while I played on GSA, then I played on WOL.

I used to play on GSA because there were more fan maps, but now WOL seems to be catching up.

I didn't like GSA, it took to long to join servers and stuff.

WOL owned GSA. Plain and simple.

Like i said before, it's depends on the servers, not on the system you use to join them!

Why not just get GSA and try it.

You've been waiting 3 days for an answer? Yet you could've just installed GSA in 5mins. Whats the point?

You don't need money. You can get it for free. Have a look around the site, I'm sure there's an option, because I got it for free.

Do it. You'll get better Frames Per Second, and less lag.

No.

If you was around the time when DemolitionMan organised the game against GSA. WOL did indeed own them.

I misread that actually I thought he said WOL servers own GSA servers. GSA servers seem to run at a faster rate, at least for me.

hmm i noticed the servers are less laggy.. now that i ahve BB pings are lower.. could be becuae the blueyonder server i played on where hosted in the UK

some people usin a certain app to join WOL servers
say the pings are better than joining the normal way... so i guess GSA could be better
