Lost our version when they reformatted the campus computers over Spring Break, and it seems as though Westwood no longer has the link to download the Windows version of the FDS. I was wondering if I could get it off someone, we still have all our activation codes and that...

Thanks.

Sorry, Yano, but you just remind me too much of Wierd AI Yankovich to risk going to your website. Specifically, Wierd AI when he did that parody of international singer Yanni, standing on hills in togas carrying stuffed sheep.
