We wanted to give a public beta in about 1 week.
We need some more time because we are bussy making a map and some vehicles and buildings needs a skin and/or need to be boned.
so we will need another week to finish it all.

Here is a screen of the titan.

Yeah, let me use my dork translator.

'1337' is 'leet', and 'leet' is elite

Looks like it's a little too flat...

Looks like the top needs to be angled a little more.
