Hi

I did full screen mode, then it crashed, now everytime i launch it, it goes into full screen mode and crashes, I reinstalled it, but it did the same thing, does anyone know where in the registry it is so i can change the flag back, as I can not get into it!

Thanks

HKEY_CURRENT_USER\Software\Westwood Studios\LevelEdit

Delete this Key (only the Leveldit one) and reinstall Leveledit

thanks, I will try it in a min,

I made the change on level editor and it messed it up! I tried reinstalled but no luck, so i guessed it was a reg key, but i couldnt find it!
