Can someone who has played the game please tell me WTF I'm doing wrong?

I'm Green, fighting White.

Yeah. Woo. Way to be brave there guys, way to be brave

But seriously, why does my army always decide to up and turn tail, no matter if the odds are in their favor or not?

The white mounted unit is a General they are way too strong (I once had 350 men-at-arms vs 1 unit remaining out of the French kings royal guard and he killed 75 of my men before he finally ran away.

Also, are your units peasants? They have poor morale and a weak attack, I use men-at-arms or other armoured units as my main foot troops.
