Except it isn't out and it probably won't ever get released, which is the complete opposite of what he's asking for...

Sole Survivor <http://www.drireign.net/> It's still in beta testing but it's a lot of fun to play.

i dont know, i think they will release it and complete it. think they are in the beta testing process

right now and looking for bugs.

WHOA!!!  
Hold your horses!  
Give it a year or two (better give it 3 actually).  
Just alot of hype about it.

I still need to try the new version of RenAlert.....

Best maps are:  
-All westwood maps  
-C&C\_Conquest\_Winter  
-C&C\_Glacier\_Flying (I don't get a great FPS in it, but it plays as well as City\_Flying)

Sorry, ACK. I just realised now that Glacier and BasinTS were the only maps of yours that I've tried!  
LOL  
I didn't realise you had so many.

Glacier\_flying is acks map too, and it also kinda fit's in with "all westwood maps".

Yes, I would also recomend renalert to you. Along with C&C metro, I always like that map. Also check out Vengence(<http://www.drireign.net/modules.php?name=Forums&file=viewforum&f=4>), theKGBspy never realeases much info about it, but it is currently in the testing stages and is nearing completion.
