Hi welches ist das standart GS joining Port 10041?

Da es mit dem joinen mit der Game.exe +connect 194.242.45.5:10041
irgenwie nicht so kappt... zumindest nicht mit meinem DoS joiner...

English: Hi which is the standart GS joining port?

This with Game.exe +connect 194.242.45.5:10041 doesn t workhow it should.

naja wer ne ahnung von dos hat soll das auch noch lesen (Qbasic) shell

"c:\westwood\renegade\game.exe +connect 194.242.45.5:10041"

klappt zumindest nicht (laut aussagen von Freunden die das Programm testen sollten. Ich kann ja
nicht da ich in den ferien bin

English:

Who know something about DOS should read this (Qbasic):

shell "c:\westwood\renegade\game.exe +connect 194.242.45.5:10041"

This doesn t work say my frineds who tested it...
