It's called stealth_effect.dds

Look in the always.dat for it.

You see that extra wide button just below the Tab button and just above the Shift button on the left side of the keyboard that says "Caps Lock"? Yes? Turn it off. Typing in all caps doesn't make you look any smarter.

(And this thread could have been just a reply to your other thread about creating a stealth generator.)

BRAINS = GOOD
CAPS LOCK = BAD

AT THE MOMENT YOUR AGAINST BOTH OF THEM!!!!11111
