So im sitting there in my China Star Buffet when three guys walk in, they are proly around 35-45 years of age. So im sitting there and eating and there right across the booth from me. Im devouring into my Crispy Chicken Wings when bam I hear them start talking about Renegade. So I kind of stop crunching on the wing and start listening in. They were talking about how one of them has a 10 player server in it and one of his friends goes 'yah it sucks because you kick them out when your losing'.....now im starting to think 'hey I was in a 10 player server last night {hosted by like STan something} and I got kicked out when I destroyed half of their base in like 3 minutes with a stank'.....I didn't say anything to them insept for to say that I play Renegade also. I had a phone call and had to leave.....didn't even get to finish my crispy chicken wingsI found it wicked odd, but at the same time wicked cool. Now imagine if this happened all the time

Hehehehe.... I would of confronted him. I would have been like, "So you were the guy that kicked me out of yoru server after I destroyed half your base on Renegade yesterday." Just to see what he'll say.
