I play on n00bstories.com alot and i mean alot, im only 100 n'somethin there but i kick ass on there

here's my story of n00b vs n00b (no offence to any payer there)

(streets flying)

we all go to the field and start killing, i harvest the harvester, shot it down.

i notice EVERYONE IS IN THE INFANTRY BATTLE AND IT IS LOST FOR BOTH SIDES. So im GDI and i pick up a MRLS and decided to pick off the tib refin from the bridde, but instead i see why not help out the team and attack the Power Plant to piss NOD off, and bam!!! no one repairs it and blamm-mo, i kill it cause no one is defending (stealth tank attacks me and i jsut whore the PP) .. i mean 3 minutes and no power, *ouch* From here my team losses by point score because they attack little solidgers instead of tanks and never attacking buildings!!! so sad indeed! so ends n00b vs n00b!

True; but typing properly isn't related to how long someone has been here.

Err...the guys signature has the RenEvo banner, and it lists that nickname as not having played in the month of December on a laddered server. I don't know if the n00bstories server is laddered or not.

The whole thing smells fishy.

so you like playing streets flying, harvesting harvesters and then watching them fall from the sky?
no offence but you don`t sound like a pro to me, the map is called city flying not streets flying
