Remember that Crimsson keeps a fully stocked bar here in the forums, and if you need a drink, you have only to ask.

((Plenty of non-alcoholic beverages available, also.))

~Charles Dickens walks into the bar and orders a Martini.
I ask him "Olive or Twist"?

~A giraffe came into the bar yesterday and ordered a couple of highballs.

~Michael Jackson was in here earlier, asking for a "Kiddie Cocktail"...
At least, I think he said "tail"...

/Me pours you a drink

Let me think a moment . . . NO! You need to update the game, you can't just have the updated.exe because there is more than just the .exe that gets updated. Besides, you have a

warez copy of the game.

Hard Lemonade is the best testing...bad for your stomach though, not much alchohol....

Bud, worst aftertaste EVER, but, worth the effect if that's what your going for.

Coke N Rum, taste like cough syrup, gets you shit faced very very quickly.

That's my teenage 2 cent on drinks.

Give me a bottle of Vodka and Ill be happy for a little while

PS: Why does everyone always gather around me when I start to chug the bottle of vodka like soda? Everyone always says how bad it tastes and how it burns. I rarely taste anything bad or burning sensations from any kind of alcohol(or food or other liquids), incept for Souther comfort and blue cheese, for some unknown reason. Oh well, the straight up Polish Vodka over in Poland is pretty much like rubbing alcohol, fun stuff. :twisted:

Diet does actually help if you want to lose weight.

I think you put on something like half a stone if you drink 2 normal sodas a day for about 2 months.

Diet eliminates that factor. Half a stone less to work off

Looks at the barmen, he stands there and doesnt say a thing, he knows the ruteen well enough to keep his noes out. He's here to serve the drinks not to get a life story. An hour latter and he'd be off with his girl friend and it would some one else lieing bleeding too afraid to call for help.

"Give me an 'old speckled hen"

"A what?"

"Its a beer, well a real ale, dont you have it? Well?"

The barmen shook his head. It wasnt often that any one asked for anything other then 'a beer'.

"Get me a brandy, it too fucking cold out, for beer anyway."

It had been a long night, it handnt gone the way any of them had expected. All any of them could do now was sit back and watch the snow settle. No point in going out side, no point in being here realy. Sooner or latter they always catch up. They always do. And the first one that come threw that door gets knifed...

He rolled the tiny glass back and forth between his palms to warm it up, and swallowed. He pushed the emtie glass to one side. "Another," He said.

Anyway.

If one person walks into a bar, you get no jokes. Ever notice this?
If two people walk into a bar, you usually get a joke.

If three... hmm. If four you get two jokes.

With one or three you don't get two jokes or one joke... hmm. Actually, you could talk to the barman, and then a joke should happen.

So yeah, one person walks into a bar and talks to the barman and then there were funny things...

So giz, got a joke?

Yaa, I am I was born in Rolla Missouri, then lived in Oklahoma until 6 years ago when I moved to Connecticut. Most of the time when I ask for unsweetened iced tea in restaurants in Connecticut they say that they only have sweetened tea. But at Olive Garden, and On the Border I can get Unsweetened iced tea.
