wow WOL is full of n00bs! Amazing... I just install WOLspy on my Server, [UN] Default Maps. And today our load was much higher than usuall because players from both GSA and WOL could play on the same server. LOL man, like there are always 3x as many WOL players than GSA! Wow, so many n00bs, they don't dodge when the shoot, they try to bullrush into TANKS They chase people through tiberium fields! They challenge the agt to a sniper battle!

Wow, all I gotta say is that if you think GSA has n00bs, you have no idea, the average WOL is 10x as bad as a GSA n00b.

Nah, he's probably right... the n00bs in WOL are 10x worse than the average GameSpy n00b... Unfortunatly in GameSpy, there are just 10x more n00bs than in WOL.

So it all equals out.

WOL = 1 x 10

GSA = 10 x 1

Place = number of n00bs times how bad they are.

P = Nn x W

Interesting, I found the exact opposite to be true when I put my server on WOLSpy. And considering the outcomes of two large 40 player matchups of the best of WOL vs the best of GameSpy... I'd say GameSpy has more n00bs.

Yes, Gamespy has more n00bs but those n00bs aren't nearly as bad as the ones on WOL. I've noticed that to.

:rolleyes:

Learn the difference between a n00b and a newb. Either he was joking around, or he was new to the game and hadn't experienced being in an empty server yet.

Or maybe UN is a n00b clan and you're a retard for posting about something like this on a forums populated by almost exclusively WOL players. So yeah, shut up before you make more of an ass of yourself.
