Here's the rotation for today. I'll put it on the server in about an hour or so:

BasinTS
BunkersTS
Siege
MinesTS
MetroTS
Snow
Metropolis
Country Meadow
River RaidTS
Mars

Now I'll explain my plans.

First, I didn't get a chance to evaluate all the maps you pointed out to me in my other thread. I will, and next Monday I should have a much more diverse rotation. Sorry about that, but I spent all weekend getting ready for Christmas.

Second, if this is successful, and the games stay fairly full, I will definitely consider one or two more of these exclusively fan-map days per week, and probably stick one or two favorites in the rotation for the other days.

As always, you can find all of these maps on <http://www.renmaps.com> because msgtpain rules.

It's not the Fan map server. It's the Aircraftkiller map server.

I told you I am going to change it up more next week.

I couldn't find C&C_MetroTS.mix or C&C_Snow.mix on RenMaps.com, so you can get them at http://www.cncden.com/ren_ackmaps.shtml -- CNC Den has a wicked upload speed too.

Blaze and I made a fun DM map called Battlefield for our paintball mod and we also released a strictly gsa fan version which is your normal mix file. If you wanna check it out I can dig it out of the mod archives (7gigs) lol
