I know the Renegade server world is vast and expansive and exists on 3 or 4 different matching server-lists. But, I rarely see forum folks online.

So my question is this:
Where and when can you be found playing Ren?

My answer: I ususally play late evenings, and since I tend bar, I play at bartime. Ususally I can be found on the PITS, because they say my catchphrase for me when I log on. Otherwise I am playing on Gamespy with clan-mates or grabbing ladder on Lightspeed.

I'm usually found in the evenings on any server supporting 10-20 players that has a spot free and isn't lagging. Mostly FUD, keegs, and Pits. And sometimes I'll play on Lightspeed, but I've had more fun in the medium-sized games lately.

I play as "Doitle"

I mostly play on Dom Guild Server #3 or MOG Serv. I find that MOG while having some language filters is the fastest server out there. I was thinking about trying the Pitts though since thats so popular among forumers. I would love to play with more people I know from here.

I try to play a couple nights a week plus a bit of the weekend afternoons (CST--Minnesota). As for servers, I usually play hitech2k, FUD or Swami's, with hitech2k being my favorite.

I play in the evenings (PST) mostly. The first server I try is Swami's, then The-pits. If I can't get in either one, then I just try random servers.
