Hey, Im a bit bored now so im offering my services to ONE mapper. I don't want to work with more than ONE mapper because i feel like just taking it easy.

So if your creating maps on a regular occasion and need someone to texture them, please reply here and show me some of your work.

I really feel like texturing some top quality maps.

Gimme a shout guys!

Here's a better idea... You show what you're capable of and I'll think about it.
