I think ACK would be quite over-joyed that you don't love him.

If you make parodies off my smileie, make it look good ffs. The text is way to big, and brown looks horrible. Since 'Ack' is a much shorter word, it does not make sense for it to be ontop of the word, it should be over to the side.

Aprime : I don't want to argue with an idiot like you. I know that ack did not make that smiley... But it is an answer to flame war that he keeps doing...

I asked to stop that many times... And he does not. So I have fun too for once
