It's probably some 10-year-old kid who wants attention and that's the only way he knows how.

I found Final Ren one time, and I loved the installer. It gave me a good laugh.

Congrats, you can edit a picture. Is this supposed to tell us something?

Also, if you laugh at your own jokes, you are not funny. The thought bubble is not going to influence how we view ACK as a person nor a mapmaker. You are just telling us that you don't like him, which you have stated before.

Plus, how does this bear any relevance to the subject at hand? This thread was intended to show the stupidity of a guy who "found" Final Renegade and bragged about it in the RenEvo forums. If you want to bash ACK, go ahead and create your own thread, but you cannot hijack this one.

kawolsky*adds gernader to ban list*

I would not worry I stopped playing Renegade awhile back, and I would still suck even with a cheat. My game is Ren Alert ...which is still Renegade in a way....
