Does this look like the place to post such things?

Get your ass over @ <http://www.n00bstories.com> and post there, doh.

[22:34] [@n00bsvr01]: Search string xptek not found.

Probably a WOL disconn, use an alternative nick till the server resets.

Isn't n00bsvr01 on just WOL and not running RenAlert?

Or does all kicks, etc. register on all n00bstories servers on all n00bstories bots?

Each server has its own list for the most part.
