The truth is that you have a big signature yet you complained to someone about spam because they posted a link.

Simple as that.

EDIT: And now you made a small one. Good for you. But that doesn't offset the facts about earlier...

Well if he had not pointed out the irony then I certainly would have. I'm not calling you stupid or anything, but it IS ironic that you called a thread spam when you had a long signature.

Not to mention it's hard to have a private joke in public forums.

First of all... I never recall hearing anyone say that a signature was spam. If you don't like looking at signatures you can choose to click that little box in your profile so sigs will not appear in posts.

Second... Kirby and Hareman have been doing this stuff "Private joke" in the public forums WAY before you started to show your face here. WAY before Crimson was given the forums from WW.

So back away form this post since it didn't even pertain to you.

And before you say I have no spot in this topic... I consider Kirby and Hareman friends and I do believe they consider me one to.

I don't have a problem with the siggy. I don't have a problem with hareman. I don't have a problem with anybody. I was merely restating that it was ironic. I'm not trying to start an argument.

And I wouldn't have said you have no spot in this topic, because I have even less of one than you. Actually, I was here before Crimson became the owner of the site, though I haven't been here as long or as much as you, Kirby, or hareman. I may have been a little out of place but I wanted to put in my 2 cents, and if I said something that offended you I'm sorry.
