Who is up for an old fart server

to qualify you must either be (as in kirby or k9's case) older than shit

In the case of pain senility applies

or have been an old member of the original forums

I'd consider myself and oldie. I was on Renegade when it first came out and also visited the old forums but all as a different name of Ninja231. I just never showed up much but I was there.

Me too!

I was Dodongomon on the old forums... When they went down I figured it was a good chance to change to my new name.

I was on the old forums a loong time before they went down... Ahh... good times, I remember when the mod tools were released, when the beacon bugs were found... So many memories...
