I installed the islands.KOTH.mix map, can it running, but the 'boxes' to go to the hill dont work. I've joined a server today in which it worked, than i was able to get the box and it worked.... What have i done wrong?!? When i host the server it doesnt work, but when i joined that guys server it did work.

Im not the only 1 who has this problem, 7 other ppl at least dont know it aswell...

Please help me, it would be great, its a good map!

You need to put the scripts.dll in the Renegade directory.

Install instructions are in the readme.
