Imao there ARE NO FDS NUMBERS to be had

no one is going to give them up

as for banning k9 he runs a sniping server dumass and is an admin on many others; mine included, so being banned from your piddly ass server that will never get off the ground from lack of an FDS SN will not bother him in the least

TARD take your attitude elsewhere

Gad, this is the worst example of the Renegade community shitting all over a thread I have ever seen.

K9, did you actually stop and think "This post is of no help at all and I just want this guy to know I dislike him" before making that first post? Or maybe you did, but you posted it anyway.

Maybe if this flamingrek guy wasn't getting bashed, he wouldn't take up a defensive. So he didn't know FDS numbers weren't being given out. That makes him a tard? Last I seen, this was the number one place to ask for FDS serials.

He didn't know who K9 was. That makes him a tard? Last I checked, there weren't announcements telling newbies who everyone is and whether or not they run a server.

LMAO you come and spout nonsense here and you want to chastise someone.

This idiot in training has been bumping FDS topics all day. And everyone in this thread knew but you, Now that you have been informed I hope that feeling of embarrassment you feel is the beginnings of intelligence as well.

I have a topic <http://www.renegadeforums.com/viewtopic.php?t=9133> and crimson even responded.

you butting into a thread uninvited and not knowing what is happening sort of makes you ....

well .....

a TARD

FOUND5 4 BUDDY 70 HAXX0R W17H!!!!!!!!!!11111111!!!!!!!!!!ONE!!!!!!!!!!!!!!

dude, he's gonna "haxor" and "stel" the fds serial proggie...don't mess with him...he was just being kind to EA by asking the community for a fds so he doesn't have to use his l337 hax0r skills to get one. so yeah.....don't be a dumb ass.

u know how hard that was to actually type that without laughing? i also don't think he knows what kind of server he actually wants to run. first he says a clan server and then a sniper server (of course having a sniper clan server is possible...just WHY???).

1 m0r3 th1n9...i need a fds for a clan server....no wait....sniper server...no...wait....a clan server....nah....how bout a.....infantry only server....no wait....yeah....no...um...i'll get back to you on that one.
