Do you mean a singleplayer trainer, or cheats for SP? I'm sorry I don't know about any, just check some fan-sites is my suggestion.

Using the word cheat, without mentioning that it's only for SP, isn't a smart thing to do on these forums.

go to <http://renegadegenerals.com> and download my mod. It is basicly a sp trainer. It is labeled wronge in the site so just download any thing that has my name as the creator on it. Also learn your vocabulary.

TMA Dead-Eyeok, Ive completed Renegade ages ago so it's kinda boring.

Why would you want SP cheats if you have already completed the game.

Most people ask for cheats to get past the part of the game they are stuck on, so that they can play the rest of the game.

Multiplayer cheaters dont deserve my time to reply.

Well it's fun to play with god mode on and try to find secret area's or just find funny ways to kill the enemy. Ah the good old Doom, Wolfenstein and Duke Nukem 3d times.

Do you really think people are going to post cheats here wher anyone could download them. Not

everybody would use them in practice only.

Do not post cheat links unless you want to play against the people who will use them.
