I want to spend alot of money on a VERY VERY nice graphics card...what's the best of the best?  
(commercially speaking )

iluvatarati radeon 9800xt

That or what for ATI's new generation chips which are just around the bend.

the 5950 image quality is garbage comapered to the ATI 9800 XT. 8X af on a nvidia is = to 4af on a ati and ATi has up to 16 AF and 8 AA

---

u would be best to wait till the next cards and then pick up a XT for cheap

---
