I belive that the onelisk did not miis you you strode out of range...

The same happens on top of the hill in a certain spot...

But why does the animation still hit you...

Either way you got the obelisk to shoot at you clearing the way for those tanks.

Bassoonboyi didnt dodge or anything, just stood there. it still missed. maybe its because it was destroyed at the same time.....

Most likely...

Nice pic though .
