I cannot download the Teamspeak client from <http://www.teamspeak.org>. Is this just me or are others having this issue as well?

ftp://webpost.teamspeak.org/releases/ts2_client_rc2_2032.exe

Downloads perfectly. Some people have trouble connecting to FTP servers so go to [ftp.westwood.com](ftp://westwood.com) and see if it connects.

Sounds good. I will try to download that tonight when I get home.
