I decided to edit some World War II posters for the first time. Some pertain to Unreal Tournament 2004. (Which I will be getting soon)

And I am aware that the first one has a missing word in it.

Powercore one was good.

Rest, i'm sorry to say were not funny!

The powercore joke was alright, and the medic one was okay. But the other ones weren't funny, at all. :stern:

Oh yeah, by the way, where did you get the original posters from?
