<http://www.cannis.net/commando/util.shtml>

Download the C-130 drop editor.

kawolskythe person in the apache picks up the weapon while in mid-air.

Spawn the weapon below the Apache.

Subject: no iv found it

kawolskyiv just done allot of testing and iv come to the conclusion that it cannot be done, when the weapon spawns, the person in the apache picks up the weapon while in mid-air....so yea.... itll only work by making the weapons spawn on the airstrip....

Uhh...no when the player in the apache gets full ammo the weapons drop.... so just make a bunch of them spawn and your problem is solved.

Looks like someone is lazy lol it wouldnt take that long with copy and paste.

BTW:I remember there was a C130 animation that flew over the GDI base you could just attach weapons to it so they would drop.
