not sure if this is in the right section but it seemed to fit.
what if a clan were to cheat in a clan match and the other clan had proof that they were cheating?

Then the clan that was cheated on tells everyone what cheating bastards the other clan is and everyone will laugh at them and never play against them. :rolleyes:

Fuck no, uhhh if you were playing on wol you can get the other clan removed of 1000pts, as long as you have a ss of you asking them for a ss.
-1000pts

There is a option called "PureMode", no one can join a server with other texures.

So there is no cheating then!?
