I'm posting some interesting transcripts from the Reborn forums. This is a nice little PM chat between Fairy of dawn, also posting another between Alkaline and myself.

Fairy of dawn chat

First message:

Quote:Hello

I already wrote him a PM about his flaming.

But you could also think about flaming against reborn in other forums...

If you want to be a valuable member of the reborn community, and you pretend to be one at the moment, then write your thoughts about reborn in the reborn forums.

My response:

Quote:Are you gay? If so, I can see why you use flaming. It's not flaming. It's insulting. Don't act like an assclown.

His response:

Quote:wtf? I'll ban you.

LOL

Alkaline chat

Got this on the Reborn forums

Title: Wow, what an UBER cock sucker you are fucking bitch?

Quote:Testing bugs huh? fucking asshole is now running a reborn server. I'm going to make damn sure you get booted from here you stupid faggot. Go back and suck on crimson's and Acks ass bitch. Peacefull terms my ass fucking idiot Just get the fuck out of here, reborn , ahem "SHITBORN" doesn't need your pos server.

My response:

Quote:Flame all you'd like. I'm not going anywhere. Just because you can't handle a little competition doesn't mean I'm leaving. I'm not going to engage in any public flaming with you on these forums so lay off.

His Response:

Quote:LOL competetion?

Bitch [UN] ownz gamespy and n00bstores and every other server chain there is for renegade. UN has 9 servers idiot, we have more people playing on our servers than anyone else.

GO to gamespy, 4 of our servers are GSA only , there is no competetion, only yourbullshit, and regardless of what you do, the Un server will only always have mor people! you know why? Cause its the server is for both WOL and gsa smacktard

So its obvious you were full of shit when you said I'm testing for bugs, because here you are wanting to play reborn. How full of shit can you get?"

Just thought these were comical

Keep all insults out of this thread.

Maybe in Russia people don't understand what PMs are. Your fds buddies should be coming here shortly so you can begin your online flame orgy :rolleyes:

Anyway keep crying since the only one on your server is 1 of your dumb admins, thanks for putting up your admin list, you have all been banned.
:twisted:

I love the bottom part of the thread dumbass, way to go! Start a thread asking for trouble, then put a disclaimer.

Nice ripp-off of renwarz theme and portal on your retarded little site also. I'm sure you have some crap to say about them as well.

How can you say that? I took the server offline and nobody is playing. Also, take note, in the morning, my server was full, yet yours was empty. Everyone who joined said they hadn't enjoyed a game that good in a long time. When I asked why more than one said "no asshole admins". The thing you lack on your servers is a friendly community. Simply because you insist on gloating your ego.

Quote:Maybe in Russia people don't understand what PMs are.

We understand perfectly. If you feel the need to post private conversations, I can do the same. Don't be a hypocrite.

Quote:Nice ripp-off of renwarz theme and portal on your retarded little site also. I'm sure you have some crap to say about them as well.

That theme comes with e107, the CMS Serenity and I are using. I have nothing bad to say about Renwarz, I'm quite good friends with Milfy (Serenity).

Quote:Start a thread asking for trouble, then put a disclaimer.
I started a thread to announce my new server. Just as you did.

Alkaline what points did any if you turkeys make?
There are no points, only the your shit pushed up to your head.
you just chatter,

"BOOHOO, no its not right to do that your blahh" and call it a point. :rolleyes: Funny how easily
your dumb little rants and opnions constitute as points :rolleyes:

I guess this only happens in the realm of FDS idiots and friends.

You graduated from highschool, (supposedly):

Point: You're an immature, hypocritical egomaniac.

Proof: See your OWN post.

Analysis: You seem to dismiss the posts of others calling them useless drivel, while in reality,
your own ignorant and arrogant replies offer no resolve to the posts made against you. This either
means you're illiterate, or your ego is so inflated that you can't even see your own blatant
moronic illogics.

What? You couldn't argue the fact that you are a n00b? Say what you want.

Just when I think that you couldn't go any deeper in the pit of n00bness, you grab a shovel and dig deeper... Keep digging. You'll hit China sooner or later.
